Mobile Phone Policy and iPad policy.

Mobile Phones.

Effective guidance is in place to avoid the use of mobile phones causing unnecessary disruptions and distractions within the workplace, and to ensure effective safeguarding practice is promoted to protect against potential misuse or create unfounded allegations of misuse. .

In the interests of equality, and to further promote safety, the guidance applies to all staff in our setting

The following rules apply for the use of personal mobile phones;

- Children are **not** permitted to bring mobile phones to school. If a parent makes a case to the school as to why a child should have a phone and this has been agreed by the Head/ Deputy/ Assistant Head then the child must bring the phone to the Admin Office when they arrive in school and then collect it at the end of school when they leave
- The school accepts that employees will bring their mobile phones to work. As a general rule, employees are not permitted to make/receive calls/texts during work time. (excluding break times and then this should only be done in a phone designated space – staff room, upstairs room, school offices)
- Staff should ensure that mobile phones are turned off or on silent at all times during the hours children are in school while on school premises. They should be kept in a locker or bag and not be left on display.
- In the event that an employee has a particular reason for a specified period of time, they may request via the leaders with overall responsibility for their phase (Deputy or assistant head) that they leave their phone on during working hours. Usually if someone needs to contact staff for emergency reasons during the school working day they should ring the school phone and someone from the office will fetch the member of staff immediately.
- Staff are not at any time permitted to use recording equipment on their mobile phones, for example: to take photographs or videos of children.

- When on an educational visit, staff should carry a phone with them to keep contact with school and inform the school on arrival/departure times and any issues which may occur during the visit. This includes when taking children swimming.
- Staff are not permitted to take pictures of children on an educational visit on their personal mobile phones. School cameras or teacher iPad's should be used to take the pictures.
- Mobile phones should not be used in a space where children are present (eg. Classroom, playground. are permitted to have their mobile phones about their person; however there is a clear expectation that all personal use is limited to allocated lunch and/or tea breaks and the phone will be used in a phone designated place – staff room, upstairs room, school offices)
