

Celebrating Diversity

Science

Changing Materials

We will investigate a variety of different everyday materials and how these are changed when heated or cooled and investigate reversible and irreversible changes.

Investigating Electricity

We will explore what electricity is and how we use it, how it is made and what can effect it within circuits.

History

Great Events from Our Past: The Plaugue and The Great Fire of London

We will explore the cause and consequences from these great events and think about different ways history can be represented.

Art and Design

Sculpture and 3D Art in our Community and Beyond.

We will investigate and develop our understanding of shape, form, texture and explore the sensory qualities of materials. We will learn about how to create different effects to make our own 3D art.

Geography

The Weather: Home and Away

We will explore the human and physical geography of the world, identify seasonal and daily weather patterns and explore the hot and cold areas of the world in relation to the Equator and Poles.

PHSCE

Relationships: How are we similar or different?.

We will explore what the term relationship means, how we can look out for ourselves and others and explore how we are all similar and different.

Design & Technology

Mechanisms – Design and Make a Vehicle.

We will explore different wheels and axles and then use them to design make our own vehicle.

We will also have the opportunity to use construction kits and computer generated graphics to enhance our finished products.

Religious Education

Sikhism: What does it mean to belong to the Sikh family?.

We will explore the history of Sikhism, their current beliefs and practices and their impact on everyday life.

Computing

Talking and Sharing – Staying in Touch

We will explore various ways of conveying messages using both digital and non-digital systems. We will learn how to structure and format emails and the use of blogs and forums whilst staying safe online.

Music

I Want to be in a Band and Zootime..

We will be exploring and appraising pieces of music from the rock and reggae genre.

We will explore identifying the pulse, rhythms and pitches used and creating our own musical compositions with the use of musical instruments.

PE

Active Play, Dance – Mood and Feelings and gymnastics.

We will develop our stamina, skills and accuracy by developing our knowledge of these differing sports and games and how the use of dance is used to reflect mood and feelings.

Extra-Curricular Learning Visits/Visitors
