## Year 5 – Autumn Term – Search Engines

What I should already know	Key Knowledge			Key Vocabulary	
<p>How to work on a collaborative document.</p> <p>How to export data to a spreadsheet, highlighting data, using conditional formatting and calculating averages and sums of numbers.</p>	<p><b>What is a search engine?</b></p>	<p>A search engine is a way for a user to search the internet's database of information quickly.</p>	<p><b>What are the features of a search engine?</b></p>	<p>There are many different search engines on the World Wide Web but they all have similar features visible.</p> <p><b>The web</b> pages are sorted in an order to give the user the most suitable results at the top of the list.</p>	<p><b>Company Logo</b> – A symbol or motif, used to represent an organisation, so that it can be identified quickly and easily in a busy environment online or in the real world.</p> <p><b>Data leak</b> – When information is released without approval from the owner or creator.</p> <p><b>Data Privacy</b> – the right to keep information private and away from those you do not wish to have access.</p> <p><b>Index</b> – A computer saves key information about previously searched results to make this quicker next time they are accessed.</p> <p><b>Network</b> - When more than one electronic device is connected to a network through the internet or a local</p>
<b>Things I need to know</b>	<p><b>What are keywords?</b></p>	<p>Keywords are a set of words used to define and produce an accurate search engine result. They are used by a Web Crawler which is a program that searches the WWW in a logical and systematic way</p>			
<p>What a search engine is and how to use them</p> <p>That things online aren't always true and recognise what to check for.</p>					
<b>This will help me in the future:</b>					

To access information effectively across the curriculum.

to find the most suitable results for the user.

### What is fake news?

Fake news is false and inaccurate information (when information is untrue). that is shared in a convincing way, usually on social media.

connection in order to share files and information.

**TASK** – Title, Author, Summary, Kids,

**Website** – A series of web pages and other content, which can be discovered and read through an internet browser, that all belong to a single domain name. For example, Google. The main place where particular web pages can be viewed or accessed.
