

# D&T Knowledge Organiser – Year 6 Structures – An Ancient Egyptian Sarcophagus

What I should already know	Key Knowledge:	Key Vocabulary				
<ul style="list-style-type: none"> <li>✚ How to create a frame structure with focus on triangulation</li> <li>✚ How to select appropriate tools and equipment for particular tasks.</li> <li>✚ Identify where a structure needs reinforcement and support accordingly</li> </ul>	<div style="border: 1px solid black; padding: 5px; text-align: center;"> <p>Evaluating Egyptian Artefacts</p> <ul style="list-style-type: none"> <li>✚ How have they been constructed.</li> <li>✚ What materials were used</li> <li>✚ How can we reproduce them</li> <li>✚ Sketch and label enlarged images from different viewpoints of selected artefacts</li> </ul> <div style="text-align: center;">  </div> </div>	<p><b>Sarcophagus</b> - a stone <u>coffin</u> (= box that a dead person is buried in), especially one that is decorated, used in ancient times</p> <p><b>Egyptian Mummy</b> - a body of a human or an animal that has been mummified</p> <p><b>Structure</b> - the way in which the parts of something are connected together, arranged or organized; a particular arrangement of parts; the structure of the building</p> <p><b>Strengthen</b> - to become physically stronger</p> <p><b>Permanent</b> - lasting for a long time or for all time in the future</p> <p><b>Temporary</b> - lasting or intended to last or be used only for a short time; not permanent</p> <p><b>Purpose</b> - the intention, aim or function of something; the thing that something is supposed to achieve</p> <p><b>Design brief</b> - the art or process of deciding how something will look, work, etc. by drawing plans, making computer models, etc.</p>				
<p><b>Things I need to know</b></p> <ul style="list-style-type: none"> <li>✚ How to create an Ancient Egyptian Sarcophagus and Mummy to a given design specifications</li> <li>✚ How to select and use appropriate materials</li> <li>✚ How to address design, purpose and needs of users</li> <li>✚ How to evaluate design, appearance, practicality of product and suggest improvements for future designs</li> </ul>	<div style="border: 1px solid black; padding: 5px; text-align: center;"> <p>Creating an artefact for the Museum</p> <table border="1" style="width: 100%; border-collapse: collapse;"> <tr> <td style="width: 30%; padding: 5px;">Design specification</td> <td style="padding: 5px;">                     Sketch ideas for the artefacts considering the techniques explored, the user and size                      Create a working drawing and pattern of chosen idea, annotate with measurements, fabric swatches, colour, touch, feel and decorative elements                 </td> </tr> <tr> <td style="padding: 5px;">Creating the Sarcophagus and Mummy</td> <td style="padding: 5px;">Mould and manipulate clay, use mesh. Add colour, pattern and texture</td> </tr> </table> </div>	Design specification	Sketch ideas for the artefacts considering the techniques explored, the user and size Create a working drawing and pattern of chosen idea, annotate with measurements, fabric swatches, colour, touch, feel and decorative elements	Creating the Sarcophagus and Mummy	Mould and manipulate clay, use mesh. Add colour, pattern and texture	
Design specification	Sketch ideas for the artefacts considering the techniques explored, the user and size Create a working drawing and pattern of chosen idea, annotate with measurements, fabric swatches, colour, touch, feel and decorative elements					
Creating the Sarcophagus and Mummy	Mould and manipulate clay, use mesh. Add colour, pattern and texture					
<p><b>This will help me in the future:</b></p>						

<p>✚ KS3 - Develop and communicate design ideas using annotated sketches, detailed plans, 3-D and mathematical modelling, oral and digital presentations</p>		<p>select tools and materials, to measure, mark out, cut, shape and join to make robust framework Evaluate products and make changes as constructing accordingly</p>	<p><b>Design specification</b> - a detailed description of how something is, or should be, designed or made <b>Prototype</b> - the first design of something from which other forms are copied or developed <b>Annotated sketch</b> - add notes to a book or text, giving explanations or comments to a sketch or idea</p>
